

CCPA TRACKING OPT-OUT GUIDE

We use services provided by third parties that collect device data and online activity data from individuals who visit our website or use the app to analyze website traffic and facilitate advertising, such as Google and Facebook.

There are a number of ways to opt-out, which we have summarized below.

Blocking cookies in your browser. Most browsers let you remove or reject cookies, including cookies used for interest-based advertising. To do this, follow the instructions in your browser settings. Many browsers accept cookies by default until you change your settings. See more at www.allaboutcookies.org.

Blocking advertising ID use in your mobile settings. Your mobile device settings may provide functionality to limit use of the advertising ID associated with your mobile device for interest-based advertising purposes.

Using privacy plug-ins or browsers. You can block our site from setting cookies used for interest-based ads by using a browser with privacy features, like [Brave](#), or installing browser plugins, like [Privacy Badger](#), [Ghostery](#) or [uBlock Origin](#), and configuring them to block third party cookies trackers.
